EDUCATION

West Visayas State University (WVSU) *Iloilo, PH*
Graduate, in Bachelor of Science in Computer Science *2022–2026*

RELEVANT WORK EXPERIENCE

FARBEN – AI TRAINER *Remote*
Full-time *July 7, 2026 – Current*

- Evaluated and fine-tuned AI models by creating, testing, and optimizing technical prompts, datasets, and code across STEM, software engineering, and data analytics domains.
- Conducted rigorous quality assurance and code reviews on AI-generated solutions to eliminate logical errors, improve model reasoning, and ensure production-grade accuracy.

VIPSCALE – Software / AI Engineer Intern / Marketing *Remote*
486 Hours *January 27, 2026 – April 30, 2026*

- Created LIA RAG chatbot using self-hosted Ollama on Hostinger and n8n webhook as the backend for the XFnite project in GHL, eliminating token costs.
- Created VIA RAG chatbot using the same infrastructure approach with a different dataset for the VIPscale company.
- Built various automation workflows to generate content using Gemini node and webhook integrations for the company's internal tools.

LineWise – Expert Validator
Part-Time *May 30, 2026 – Current*

- Validated and reviewed over 1,000 hours of video datasets to ensure annotation accuracy and data quality for AI model and robotics Training.

Administrative Support and Data Management Assistant *Iloilo, PH*
Provincial Volunteers of Barangay Health Workers Association of Iloilo Province Inc. *July 2022 – August 2025*

- Document editing, formatting, and design support – polishing content (PPT, Excel, posters), improving visuals, and ensuring materials meet the association's standards.
- Assisted in maintaining payroll records for BHWs at the municipal and provincial levels.
- Compiled and updated the BHW master list (municipal, provincial, regional) and supported data entry for the BHW National Registry.

RELEVANT PROJECT EXPERIENCE

Group Projects

HemoGlyph – Thesis *Nov. 2023 – May 2026*
ML Engineer & Researcher

- Trained a CNN to classify ABO blood groups from fingerprint images, achieving **89% accuracy**, deployed on a Raspberry Pi 4 as a portable, non-invasive medical device.

CICT College Website – WVSU *Nov. 2025 – May 2026*
UI/UX Designer & Main Front-End Developer

- Designed the UI/UX for the Contact Us page, creating wireframes and high-fidelity mockups in Figma.
- Served as the main front-end developer for the Contact Us and Faculty pages, implementing responsive layouts and interactive components.
- Collaborated with the team to ensure design consistency and alignment with the college's branding standards.

Sentisize – Emotion-diary app *Apr. 2025 – Jun. 2025*
UI/UX Designer

- Collaborated in developing Sentisize, an emotion-diary mobile app.
- Designed and prototyped user flows, wireframes, and high-fidelity mockups in Figma.
- Contributed to coding the front-end interface, ensuring responsive design and intuitive interaction.
- Conducted usability testing and iterated based on feedback to improve overall user experience.

Kantonize – SaaS Web App *Mar 2025 – Apr 2025*

UI/UX Designer

- Collaborated on Kantonize, a SaaS web application.
- Designed wireframes and interactive mockups using Figma, ensuring accessibility and scalability.
- Supported front-end integration with Next.js and Tailwind CSS to align design with development.
- Worked closely with the dev team to enhance visual hierarchy and intuitive navigation.

Ipsync – Internship and Collaboration Website *Jan. 2025 – Mar. 2025*

UI/UX Designer

- Co-designed Ipsync, an internship and collaboration platform website.
- Developed prototypes in Figma, focusing on internship listings, collaboration tools, and student–company interactions.
- Refined visual identity and user interface to match branding and usability goals.
- Assisted in front-end structure to ensure design-to-code accuracy.

CICT College Website – WVSU *Nov. 2025 – May 2026*

UI/UX Designer & Main Front-End Developer

- Designed the UI/UX for the Contact Us page, creating wireframes and high-fidelity mockups in Figma.
- Served as the main front-end developer for the Contact Us and Faculty pages, implementing responsive layouts and interactive components.
- Collaborated with the team to ensure design consistency and alignment with the college's branding standards.

Independent Projects

Stanleypro Audio – Company Portfolio Website

- Built a professional company portfolio website for Stanleypro Audio using Next.js.

AI/ML Projects – Hugging Face

- Developed and fine-tuned ML models (NLP, classification) and deployed them as interactive Streamlit apps with API integration.
- Implemented, tested, and ensured performance using Python and Hugging Face.

FREELANCE & CLIENT PROJECTS

Freelance Administrative & Design Assistant *Remote*

January 2023 – Present

- Assisted Barangay Health Worker (BHW) presidents with SEC registration processes and related administrative tasks.
- Designed and edited posters, presentations, and visual materials for community and association events.
- Ensured all materials were accurate, professional, and consistent with branding guidelines.
- Managed multiple projects simultaneously, meeting deadlines and client expectations.

SKILLS

Languages: Conversational English and Tagalog; proficient in Hiligaynon

Technical Skills: Microsoft Office Suite (Word, PowerPoint, Excel), data encoding, document formatting, basic video editing, n8n workflow automation, AI prompting, Ollama (self-hosted LLMs), RAG chatbot development, Hostinger

Programming: Python, C++, HTML, JavaScript, Next.js, Tailwind CSS, n8n, GHL, Supabase, MongoDB, Pinecone, GHL, Zapier

PROFESSIONAL DEVELOPMENTS

DataCamp x Data Engineering Pilipinas Scholarship *(2026–2027)*

- 12-month scholarship program covering data engineering, data science, AI, machine learning, Python, SQL, and cloud technologies through DataCamp.

HONORS & AWARDS

- DataCamp x Data Engineering Pilipinas Scholarship Recipient (2026)
- Bronze Medal Awardee – Parangal, West Visayas State University Main Campus (2nd Year & 3rd Year)
- Silver Medal Awardee - Parangal, West Visayas State University Main Campus (4th Year)
- Certificate of Appreciation – For assisting the Barangay Health Workers Association (July 2025–August 2025)
-

CAMPUS & COMMUNITY INVOLVEMENT

Cyb Robotics Organization, Member — *August 2023–2025*
Cypher, Member — *August 2024 – 2026*
